

WOLFRACE 71

50TH ANNIVERSARY COLLECTION
ACCESSORIES BROCHURE

TAILOR MADE - WOLFRACE 71

All accessories can be colour coded except the centre bolts, these are available in chrome or black. Centre bolts are supplied with an allen key to secure your cap assembly.

WOLFRACE 71 CUSTOM WHEELS

The Wolfrace 71 cap assembly features customisable parts and a secure fixing for your nuts/bolts.

Designed to streamline the wheel while being aesthetically pleasing to the design combining strength and a quality mix of materials from forged alloy to ABS plastic.

All parts are inter-changeable allowing a massive range of colours combinations, various parts are also available un-painted giving a colour coding options.

WOLFRACE 71 CAP ASSEMBLY

New 71 accessory range now available!! All 71 wheels come with gold inserts, colour coded baseplate, gold centre lock ring with chrome screws (allen key supplied) and chrome rim rivets.

If you want to further customise your wheels the following can be purchased as added extras, supplied in a branded 71 presentation box allowing you to keep the original accessories.

Centre Logo

71 centre logo, standard gold 71 logo, as well as a black and chrome "black edition" logo. Further centre logo options coming soon.

Centre lock

Heavy duty aluminium locking ring, that securely keeps the baseplate and logo in place. Available in 4 colours with the option to purchase black centre lock screws as below (standard wheel is supplied with chrome screws) This fits over the baseplate and holds the 71 logo in place, and is screwed to the wheel with a supplied allen key.

Centre bolts

The optional black cap screws are available as an alternative to the supplied chrome bolts.

Cap inserts

The essential eye catching, and unique inserts come in 5 colours and available un-painted. ABS plastic allows easy colour coding to compliment your cars trim.

Cap base

This not only covers the vehicles lug holes but keeps your wheels sleek, easy to clean, aero dynamic and customisable! Available in 6 colours with an unpainted version available to easily colour code to your personal requirements.

Rim rivets

Not only can you customise the wheel centres you can customise the rim rivets, super strong forged aluminium rivets in a choice of 4 colours for that final touch.
